

# Competition rules

- Models are evaluated according to the **positivity threshold = 4**.
- The evaluation metric is **Average Informedness**:  
[https://en.wikipedia.org/wiki/Youden%27s\\_J\\_statistic](https://en.wikipedia.org/wiki/Youden%27s_J_statistic)  
[https://en.wikipedia.org/wiki/Precision\\_and\\_recall](https://en.wikipedia.org/wiki/Precision_and_recall)  
It is calculated for every top- $n$  value from [1, 50] range and averaged.
- Competition ends 15 minutes before the end of practical session. The leaderboard will no longer be updated and winners will be announced.
